

Employment Information for the Position at Iwate University Faculty of Science and Engineering

1. Position and Number of Positions: 1 (one) associate professor
2. Affiliation: Faculty of Science and Engineering, Department of Science and Engineering,
Studies in Creative Information Science (Undergraduate Program)
Graduate School of Arts and Sciences, Division of Science and Engineering,
Graduate Course in Design and Media Technology (Master's Program)
Graduate School of Science and Engineering, Division of Design and Media Technology,
Design Area (Doctoral Program)

3. Field of Specialization: High performance computing-related (Computer graphics, Visualization),
Perceptual information processing-related (Computer vision, Perceptual media processing)

4. Subjects to Teach

Specialized subject: Undergraduate - Advanced Informatics Laboratory, Introductory Soft Path Engineering, Practical Soft Path Engineering, Scientific and Technical English 2, Programming Language and Exercises 1, Mathematical Programming, Human Interface, Graduation Research

Graduate (Master's Program) - Computer Vision, Introduction to Design and Media Technology (Computer graphics or Computer vision), Collaborative Design Project, Advanced Training, Advanced Research

Graduate (Doctoral Program) - Advanced Measurement Data Analysis, Integrated Seminars in Design and Media Engineering, Advanced Seminar on Media Technology, Advanced Research on Media Technology 1, 2, 3

General Education Subject: In order to establish a university-wide implementation system for General Education Courses, etc., you will be required to be in charge of at least one of the "General Education Courses" or "Specialized Basic Courses" based on your field of employment.

In addition, to meet the diversifying needs of learning and to promote diverse and advanced media utilization, faculty members who are in charge of basic academic knowledge courses* in General Education Courses are required to create on-demand content for remote classes and a video syllabus (overview introduction).

*These are lecture courses in the applicant's research specialization held at a level of academic knowledge that can be understood by lower-year students from faculty other than the applicant's.

On-demand content for remote classes consists of 1 credit (7 lessons of 100 minutes each) × 2 subjects (2 credits) or 2 credits (14 lessons of 100 minutes each) × 1 subject (2 credits) or more.

5. Qualifications

Applicants must:

- (1) Have a doctoral degree
- (2) Have the ability to teach and supervise undergraduate and graduate students and promote advanced research work
- (3) Have Japanese and English language proficiency at or above a teaching level
- (4) Have the ability to properly engage in organizational operations as a member of a university
- (5) Be actively engaged in international collaborations, including welcoming international students and facilitating academic exchanges

6. Starting Date: April 1, 2025, or later

7. Term of Employment: None

8. Compensation

Salary and Benefits: Based on the salary regulations of Iwate University and subject to annual salary system (Retirement allowance is paid at the time of retirement.)

Working Hours: Discretionary working system for professional work, 7 hours and 45 minutes of de facto working per day

Insurance: Employment Insurance, Social Insurance, Workers' Accident Compensation Insurance, Mutual Aid Association of the Ministry of Education, Culture, Sports, Science and Technology

Days off: Saturday, Sunday, public holidays, year-end and New Year holidays, etc.

9. Application Documents

- (1) A Curriculum Vitae (attach an ID photo and include an email address and any affiliated academic societies)
- (2) An outline of teaching experience in the field of specialization (lectures taught and/or their evaluation, experiences in instructing graduation research, etc.) (one A4 page)
- (3) A list of research achievements (list by category such as peer-reviewed original scientific papers, books, papers for international conferences, review/commentary papers, research reports, or oral presentations). If the applicant is the first author or corresponding author, mark the name of the author of the paper with an asterisk (*).

For scientific papers, include the impact factor of the journal in which the paper was published.

- (4) Up to 10 copies of your actual scientific papers that represent your work (photocopies are accepted)
- (5) An outline of past research achievements (two A4 pages)
- (6) A list of external grants received (list by category such as the Grants-in-Aid for Scientific Research, joint research grants, donations for education and research, commissioned research, etc. Include a principal investigator and co-investigators.)
- (7) Aspirations for research and education at Iwate University (two A4 pages)
- (8) Name, affiliation, and contact information of two professional references who are willing to be contacted about the applicant
- (9) Any other documents for reference (experiences in being an official or member of an academic society/association or national/prefectural/municipal government, taking a position or being a committee member at your current institution, study abroad, international conference management, etc.)

10. Application Period: From September 1, 2024 to no later than October 31, 2024 Deadline of receipt

11. Selection Process

The selection process will be conducted in two stages.

Primary screening: documents screening

Secondary screening: interviews

Applicants will be notified of the results immediately after the screening (details for the secondary screening will be provided to any applicants who passed the primary screening) by email.

Iwate University is promoting diversity. As part of this effort, Iwate University is implementing the following measures in relation to this open recruitment.

<Efforts to Promote the Recruitment of Female Faculty Members>

- Priority will be given to women (in cases where performance and qualification evaluations are deemed equal) *
- Up to 1,000,000 yen of retention fund (research expenses) will be provided.
Female Professors/Associate Professors assigned to the university will receive 500,000 yen per year for 2 years as research expenses.
- Any maternity, childcare, or family care leave taken before or after childbirth will be taken into consideration during the selection process (regardless of gender, please specify the period of leave

in your resume).

- Various support for work-life balance: <https://diversity.iwate-u.ac.jp/support/wlb/>

Dual residence allowance system, next generation development support (support for balancing childbirth and childcare) and family caregiver support, on-campus childcare center, on-campus childcare space, etc.

- Career support for female researchers: <https://diversity.iwate-u.ac.jp/support/womenresearchers/>

Research supporters/assistants assignment system, buyout system dedicated for female researchers, overseas dispatch program for female researchers global career development, etc.

* Support will be provided as needed through the initiative project for realizing diversity in the research environment (female leader development type) subsidized by the MEXT funds:
